

Embedded Terminal for MFP XEROX

The « **eTerminal-XEROX** » embedded terminal works with the XEROX Multifunctions and enables the communication between the MFP and the **GESPAGE** server.

Accessible from the touch screen of the XEROX MFP, this software allows for access control, secured printing and user's identification by entering a code on the touch screen.

This « Embedded » terminal fully fits into the touch screen of the XEROX Multifunction.

This **eTerminal-XEROX** software is compatible with all the Extensible Interface Platform (EIP) / ConnectKey MFPs. This improvement makes the **Gespage** solution more competitive. In addition, this solution is perfectly suitable to the ergonomics of the XEROX equipment.

Scheme of the network configuration

The embedded terminal benefits

- ✓ Personalized welcome to the identified user.
- ✓ User-friendly selection of the documents to print.
- ✓ Sending to **Gespage** server of prints, copies and scans performed.
- ✓ Secure use of the XEROX MFP by Login, Login/Password, Code, Card (badge reader in option).
- ✓ Management and accounting of the user's scans to email and to a limited address book.
- ✓ Synchronization and management of the users, LDAP, AD directories or a CSV data base.
- ✓ Setting of access rights for the specific use to each user or user group.
- ✓ Management and configuration of the terminal from a user-friendly web interface.
- ✓ The « From: » field of the emails is automatically filled in with the user name.
